

Accessible and Inclusive Reading List

[View Online](#)

This reading list draws together a range of information resources held both physically within the UoB Library collection and links to external, useful, virtual resources. It includes topic areas that provide students and staff with self-help, support and information. In turn we hope this will promote greater understanding of diversity within and beyond our academic community. We aim to include practical 'how to' resources and more general thought provoking reading.

- Accessible and Inclusive Library Advisory Group
